Raper, H 3 [University of Leeds] Oct 1914 (01)

October 29th, 1914

Dr. H. S. Raper,

University of Leeds.

Dear Dr. Raper:

You know that Dr. Leathes is leaving us at the end of the present term. He has told me that you would like to get some information with regard to the matter. You know the laboratories and you know the work. It is also a full professorship that we are endeavouring to fill. I do not know whether you would think of returning to Toronto or not. At present we are in communication with one other person in regard to the chair, but I have no idea whether he will accept. Indeed, I am rather doubtful. I should be glad to hear from you, however, whether the position would have any attraction for you, though at the present juncture I am unable to make a definite offer. It might, however, save time were I to know whether in any event an offer wouldnot be considered favourable by you.

With kind regards, I am,

Yours sincerely,

President.
